Parties to Dispute: { Brotherhood Railway Carmen of the United States
and Canada
{ Southern Pacific Transportation Company

Dispute: Claim of Employees:

1. That the Southern Pacific Transportation Company (Texas and Louisiana Lines) violated the controlling agreement, particularly Rules 117 and 29, when two boilermakers were assigned to perform carmen's work to remove bolts, tap holes on cut lever brackets on SP Engine 2556 on February 2, 1979.
2. That accordingly, the Southern Pacific Transportation Company (Texas and Louisiana Lines) be ordered to compensate Carmen L. R. Moreno and G. N. Gonzalez in the amount of two hours forty minutes (2'40") as they were available to perform this carmen's work on February 2, 1979.

Findings:

The Second Division of the Adjustment Board, upon the whole record and all the evidence, finds that:

The carrier or carriers and the employe or employees involved in this dispute are respectively carrier and employe within the meaning of the Railway Labor Act as approved June 21, 1934.

This Division of the Adjustment Board has jurisdiction over the dispute involved herein.

Parties to said dispute waived right of appearance at hearing thereon.

The facts of this case are on all fours with those in Award 9131. This Board issued a denial award in that case based on the concept that neither Organization proved that it had exclusive right to the work involved. That same reasoning applies here and the resultant decision is the same.
