Parties to Dispute: (International Brotherhood of Electrical Workers
(Northeast Illinois Regional Commuter Railroad Corporation

Dispute: Claim of Employees:

1. That the Northeast Illinois Railroad Corporation violated the current Agreement, particularly Rule 18, on January 1, 1983 when it failed to furnish a properly edited Seniority List.

2. That the Northeast Illinois Railroad Corporation be ordered to furnish a corrected 1983 Seniority Roster which shows the Northeast Illinois Railroad Corporation Seniority Date, the Electrical Craft Seniority Date and the Service Date and do so thereafter.

FINDINGS:

The Second Division of the Adjustment Board, upon the whole record and all the evidence, finds that:

The carrier or carriers and the employee or employees involved in this dispute are respectively carrier and employees within the meaning of the Railway Labor Act as approved June 21, 1934.

This Division of the Adjustment Board has jurisdiction over the dispute involved herein.

Parties to said dispute waived right of appearance at hearing thereon.

This Claim is brought by the Organization on behalf of Electrical Workers on the seniority list. The Organization asserts that on January 1, 1983, the Carrier distributed incomplete seniority lists because they did not include the Claimants' service dates. (Emphasis added) The Organization relies upon Rule 18 of the Agreement, which states:

"Seniority list will be open to inspection by the General Chairman and a copy will be furnished the General Chairman."

The Board has examined the above Rule and the September 2, 1982, Agreement to which both parties are signatories. We find no basis under either reference to require information beyond what is necessary to ensure the proper rank and file of employees who came to work for the Carrier on October 1, 1982.
