"RULE 31.

HANDLING TRAIN ORDERS

No employe other than covered by this agreement and train dispatchers will be permitted to handle train orders at telegraph or telephone offices where an operator is employed and is available or can be promptly located, except in emergency, in which case the operator will be so advised by the Chief Dispatcher and will be paid for the call. At offices where two or more shifts are worked, the operator whose tour of duty is nearest the time such orders were handled will be entitled to the call.

NOTE: See letter of October 19, 1929 on page 42, relative to use of telephones by conductors."

"RULE 44.

TERMS OF AGREEMENT

This agreement supersedes and cancels all former agreements, but does not, except where rules are changed, alter former accepted and agreed to practices, working conditions or interpretations.

This agreement is revised as of September 1, 1949 and shall continue in effect until thirty (30) days' written notice is given by either party to the other of desire to revise or modify in accordance with the provisions of the Railway Labor Act."

(Exhibits not reproduced.)

OPINION OF BOARD: It is undisputed that employes in the Telegraphers class have not been assigned to work at Raleigh, North Carolina, on the Danville Division, for approximately forty years. The Organization has processed this Claim because it believes telegraphers should exclusively handle the communications in question at Raleigh, as they do at other points on the Danville Division. Some of the communications in question were train orders covered by Rule 31 of the applicable agreement, the balance of same were telephone communications requiring application of the Scope Rule for determination of the issues.

The Organization has offered no probative evidence to show practice, custom or tradition peculiar to the controversy before us.

This Claim must be determined in accordance with our opinion in Award No. 16821. The fact that Train Orders were involved in this case does not alter our decision, since we are committed to the doctrine of Stare Decisis. See Award No. 12935 (Yagoda).

FINDINGS: The Third Division of the Adjustment Board, after giving the parties to this dispute due notice of hearing thereon, and upon the whole record and all the evidence, finds and holds:

That the Carrier and the Employees involved in this dispute are respectively Carrier and Employees within the meaning of the Railway Labor Act, as approved June 21, 1934;

That this Division of the Adjustment Board has jurisdiction over the dispute involved herein; and

That the Agreement was not violated.

AWARD

Claim denied.
