Case 213-2(A-2600-2).....Carrier's Exhibit "F"

(Exhibits not reproduced)

OPINION OF BOARD: Claimant, a Trainmaster Steno-Clerk, regularly assigned to Position 74050, was required, on various claim dates, to perform service on Time Revisor Position 74030 such time on each of the claim dates being less than four hours per date. Claimant, per rule 17 of the Controlling Agreement, is claiming the higher rate of pay for the time she spent performing work generally performed by the occupant of the Time Revisor Position.

We have carefully analyzed the record in this case and find that the evidence presented by the employees indicates that Claimant did perform work, on the claim dates, which work is generally that accruing to the Time Revisor Position therefore per rule 17 (b) Claimant is entitled to be compensated at the higher rate of pay, on a minute basis, for the time she spent performing Time Revisor work and such compensation is limited to payment of the higher rate for the time shown in the Statement of Claim.

FINDINGS: The Third Division of the Adjustment Board, upon the whole record and all the evidence, finds and holds:

That the parties waived oral hearing;

That the Carrier and the Employees involved in this dispute are respectively Carrier and Employees within the meaning of the Railway Labor Act, as approved June 21, 1934;

That this Division of the Adjustment Board has jurisdiction over the dispute involved herein; and

That the Agreement was violated.
