FINDINGS:

The Third Division of the Adjustment Board, upon the whole record and all the evidence, finds that:

The carrier or carriers and the employee or employees involved in this dispute are respectively carrier and employee within the meaning of the Railway Labor Act, as approved June 21, 1934.

This Division of the Adjustment Board has jurisdiction over the dispute involved herein.

Parties to said dispute were given due notice of hearing thereon.

The facts underlying the instant claim are identical to the facts in Third Division Award 36098. The only difference is the date of the claim and the amount of time that the Incumbent Intermodal Service Representative performed overtime work contiguous to the incumbent's regular assignment. In this case, the incumbent performed overtime service due to traffic congestion at the inbound gate on July 1, 1999 from 3:00 P.M. to 6:00 P.M.

In Award 36098 the Board held that the Organization failed to meet its burden of proof that the Carrier violated Rules 24 and 40 of the Agreement. For the reasons more fully set forth in that Award we must deny this claim.

AWARD

Claim denied.

ORDER

This Board, after consideration of the dispute identified above, hereby orders that an Award favorable to the Claimant(s) not be made.
