PARTIES TO DISPUTE: (Brotherhood of Railroad Signalmen
(Seaboard Coast Line Railroad Company

STATEMENT OF CLAIM: Claim of the General Committee of the Brotherhood of Railroad Signalmen on the Seaboard Coast Line Railroad Company that:

(a) Carrier violated the Signalmen's Agreement, particularly the Scope, when, on July 9, 1969, communications employe J. W. Pitts, not covered by the Signalmen's Agreement, was permitted or required to perform recognized signal work in connection with loading and delivering signal material to Signal Maintainer G. N. Hoffman, Winterhaven, Florida.

(b) Carrier now pay W. B. Alexander, Ocala Signal Shop, for 11 hours and 45 minutes at his overtime rate in addition to any pay he has already received for July 9, 1969, as a consequence of the violation. (Carrier's File: 15-1)

OPINION OF BOARD: On July 8, 1969 a storm severely damaged a hot box detector at Winterhaven, Florida. The dispatcher called Signal Maintainer Hoffman to make the repairs. Carrier utilized Communications Employe Pitts to obtain certain equipment from the Signal Shop at Ocala and deliver it in the company truck to Signal Maintainer Hoffman and assist him with the repairs. The Organization alleges that the utilization of Pitts in the above described manner was a violation of the Scope Rule. Claimant Alexander was the senior employe in the Signal Shop who had a valid drivers license which would permit him to operate the company truck.

During the handling on the property the Organization alleged that the Hot Box Detector was signal material. The Carrier has consistently denied this.

The Claimant has failed to meet his burden of showing that what was involved in the instant case was the movement of Signal equipment. Absent evidence substantiating the allegation we must dismiss the claim.

FINDING: The Third Division of the Adjustment Board, upon the whole record and all the evidence, finds and holds:

That the parties waived oral hearing;
