STATEMENT OF CLAIM: Claim of the System Committee of the Brotherhood
(GL-7628) that:

1. The Carrier violated the rules of the effective Clerks' Agreement, particularly the Memorandum of Agreement, dated July 23, 1969, when on Monday, April 2, 1973 and Sunday, April 8, 1973, it required and/or permitted employees not covered by the scope of the governing Agreement to perform work covered by the scope thereof.

2. The Carrier shall now be required to compensate Input/Output Technician Richard L. Knoles thirty (30) minutes' pay at the time and one-half rate of Position No. GT-551 for Monday, April 2, 1973 and one (1) hour and twenty (20) minutes' pay at the time and one-half rate of Position No. GT-551 for Sunday, April 8, 1973.

OPINION OF BOARD: This is the last of four related claims alleging violations of Clerk's Agreements where supervisors operated teleprocessing devices to retrieve information from Carriers computerized Car Control System. The positions of the parties, Agreement provisions and analyses common to all four cases are set forth in detail in Award 21050.

The instant claim involves two supervisory employees operating a teleprocessing device (Rms-4-SCR) at different times on two different dates by use of Forms 48 and 61 to extract information (Output) from the computer. Specifically, Trainmaster H. Mazurek operated the device from 5:10 P.M. to 5:40 P.M. on Monday, April 2, 1973. Also Mazurek operated the device on Sunday, April 8, 1973 from 5:00 P.M. to 5:15 P.M. On the latter date, Assistant Trainmaster L. Woodbury operated the device from 7:10 P.M. to 7:40 P.M. and from 8:45 P.M. to 9:20 P.M. At all material times the Claimant, R. L. Knoles was on duty as Input/Output Technician, 4:00 P.M. to Midnight, rest days Friday and Saturday.

For reasons set forth with particularity in Award 21050 we shall sustain the claim.
