OPINION OF BOARD: The facts out of which this dispute arose are set forth in a "Joint Statement of Agreed Upon Facts" which reads in pertinent part as follows:

"The thirteen claimants listed in the subject hold seniority in the C&S Department on C&S Seniority District No. 10. They were furloughed effective at the close of their tour of duty on May 14, 1971.

General Order No. 419 was issued May 12, 1971, outlining certain changes to be made effective 12:01 P.M., Thursday, May 20, 1971, on the Monongahela Secondary Track. These signal changes were to be made in the territory of BF Tower, redesignated Brown Tower.

In listing the claim, the organization is alleging that employees who were in an official and a supervisory capacity, performed signal work in connection with this General Order No. 419."

In processing this claim on the property the only contractual provisions cited by the Organization were Article I, Sections 3 and 5. The cited contract provisions read as follows:

"ARTICLE 1--CLASSIFICATIONS

Section 3

Signal Maintainer	An employe qualified and	Signal
Telegraph and Signal	assigned to perform the	Maintainer
Maintainer	work of a mechanic in the	T. & S.
Telegraph and Telephone	Telegraph and Signal	Maintainer
Maintainer	Department	T. & T.
Signalman		Maintainer
		Signalman

Whenever reference is made in this Agreement to the position of 'maintainer,' the term shall be construed to refer to the positions of signal maintainer, telegraph and signal maintainer, and telegraph and telephone maintainer. The term 'mechanic' where used in this Agreement shall be understood to refer to the positions defined in this Section.

Section 5

Helper: (Effective June 1, 1950) An employe assigned to perform work generally recognized as Helper's work, covered by the Scope of this Agreement, and to assist employes of the classifications set forth in preceding Sections 2 and 3 of this Article (1)."

Careful review of the Agreement language upon which the Organization premises this claim shows it to be language of description; but it imposes no express contractual mandate and, indeed, is not even precatory in its wording. There is no showing on this record that Article 1, Sections 3 and 5 have been violated. In the absence of contractual support for the claim, we have no alternative but to issue a denial award.

FINDINGS: The Third Division of the Adjustment Board, upon the whole record and all the evidence, finds and holds:

That the parties waived oral hearing;

That the Carrier and the Employees involved in this dispute are respectively Carrier and Employees within the meaning of the Railway Labor Act, as approved June 21, 1934;

That this Division of the Adjustment Board has jurisdiction over the dispute involved herein; and

That the Agreement was not violated.
