Lake Superior Terminal & Transfer Railway Company

QUESTION
AT ISSUE:

Question No. 2 - Award No. 263, Case No. CL-83-W reads as
follows:

2. Shall the Carrier now be required to compensate Robert L.
    Nutter for the difference between his protected rate of
    Yard Clerk and the rate of the position to which assigned,
    plus subsequent general wage increases, commencing March
    29, 1970 and each work day thereafter?

OPINION
OF BOARD:

On October 27, 1971, we rendered Award No. 263, a companion case
to Award No. 262, except that Claimant's position was abolished
on March 28, 1970, when he thereafter displaced a junior em-
ployee at a lower rate of pay. Award No. 263, provided as follows,
to wit:

Award:

"1. The matter is remanded to the
parties for negotiation of a local agree-
ment in accordance with the Opinion.

"2. We shall hold in abeyance the
question whether Claimant is entitled to
additional compensation pending conclusion
of an agreement for a substitute formula."

Subsequently, the parties executed a local Agreement and upon
failure to resolve the question whether Claimant is entitled to additional com-
pensation, referred that question back to our Board.

In view of our conclusions reached this day in Award No. 348, it
is our considered judgment that Claimant is entitled to receive the difference
in rates from the period commencing on March 28, 1970, to the effective date of
the substitute formula Agreement -- February 11, 1972.

Award:

The answer to the question previously held in abeyance in Award
No. 263, whether Claimant is entitled to additional compensation, is in the
affirmative.

-2-

Claimant shall be paid the difference in rates from the period commencing on March 28, 1970, to the effective date of the substitute formula Agreement -- February 11, 1972.
