

Case No. 62                      Award No. 62

On the basis of our review of the evidence, it cannot be properly said that the Carrier lacked reason for deciding that the Claimant's actions were so serious that they merited disqualification. However, while the Claimant was remiss in the execution of his duties, the period of time since the violation is sufficient penalty, under the circumstances herein. We are satisfied from our examination of the record that he should be afforded another opportunity to serve as Foreman.

AWARD

The disqualification will be removed but no back pay will be due the Claimant. Removal of the disqualification is to be effected within thirty (30) days of the date of the Award.
