SPECIAL BOARD OF ADJUSTMENT NO. 266

TRANSPORTATION-COMMUNICATION EMPLOYEES UNION

vs.

ERIE LACKAWANNA RAILROAD COMPANY

STATEMENT OF CLAIM:

The Organization requests the Special Board to determine the merits of the above-numbered claims.

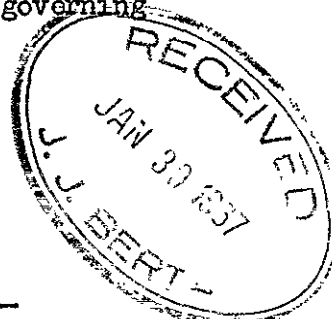

OPINION OF THE BOARD:

On various dates during the years 1959 through 1963 the above-numbered claims were denied by the Carrier's highest officer designated to handle appeals. While the appropriate Organization representative advised the Carrier of an intention to include these claims in a supplemental list to be submitted to the Special Board, said claims have never been appealed to this Board by inclusion on a supplemental list or otherwise. Nevertheless, at this late date, and over the Carrier's objection, the Organization requests the Board to determine the merits of these claims.

The Board is compelled to hold that under the governing time limit provisions, all of these claims are barred.
