

Case No. 15
Award No. 28
Docket No TE-8459
ORT CASE 1870

SPECIAL BOARD OF ADJUSTMENT NO. 310

The Order of Railroad Telegraphers
and
The Pennsylvania Railroad Company

STATEMENT OF CLAIM: "Claim of The Order of Railroad Telegraphers on The Pennsylvania Railroad that an Agent's position has been created at the new Ford Motor Company's Plant, east of Bedford, Ohio. Request is made that this position be established as outlined in Regulation 8-B-1 of Agreement and advertised as provided for in Regulation 1-B-1." (Lake Division Case No. LD-21869 - System Docket No. 277)

FINDINGS:

The work involved in this claim is not work accruing to Agents to the exclusion of all other crafts.

The parties jointly agree that while this plant was under construction, the work complained of was performed by clerks stationed at Harvard Avenue, Cleveland. When production started it was transferred to one clerk on each of 3 shifts stationed in the Ford plant.

The parties are further agreed that these clerks are under the jurisdiction of the Assistant Freight Agent at Cleveland.

Carrier asserts flatly that it did not, in fact, establish a "new agency" at this Ford plant. It was a new industry under the Agent and Assistant Agent, Cleveland. There is no violation.

AWARD:

Claim denied.
