

AWARD NO. 4
CASE NO. 4
NRAB DOCKET MW 8664

PARTIES) The Brotherhood of Maintenance of Way Employees
TO)
DISPUTE) St. Louis Southwestern Railway Company

"Gentlemen:

"My attention has been called to the fact that there is a controversy between your respective organizations in connection with which organization holds rights to service to perform such work as painting and varnishing office furniture.

"Our position in this matter is that the work of repairing and repainting office desks and office chairs is work that properly belongs to the Maintenance of Way Employees and that the work in connection with repairs to chairs and furniture that goes with business cars, dining cars and lounge cars, or any other chairs where upholstery work is necessary is work that properly belongs to Car Department Employees.

"In case you agree with our position, I shall appreciate a joint letter from you to this effect. If you do not agree with our position, I suggest that this matter be handled as a jurisdictional dispute.

"Please advise.

Yours very truly,
(s) K. M. Post
K. M. POST
(General Superintendent)"

The Board finds from a careful reading of this letter that it was the position of the Carrier in December 1942 that the work of repairing and refinishing office desks and office chairs at Pine Bluff, Arkansas by Carrier forces is work that properly belongs to the Maintenance of Way Employees and that the work in connection with repairs to office chairs and furniture that goes with business cars, dining cars and lounge cars or any other chairs where upholstery work is necessary by Carrier forces at Pine Bluff is work that properly belongs to Car Department employees.

The Board finds from all the evidence submitted by the Carrier and the Employees and particularly from Mr. K. M. Post's letter quoted above that the Claimant in this docket was entitled to the work in question since it was performed by Carrier forces at Pine Bluff and that the Claimant, J. H. Nelson, should be paid at the straight time rate for the number of hours equal to the total man-hours consumed in the performance of the work at Pine Bluff by the Carmen.

AWARD: Claim sustained in accordance with this opinion.
